### About YSS

YSS enables people to be emotionally resilient, to thrive, and to feel they belong to a community. We uphold people's rights and responsibilities, ensuring they can exercise them with dignity and respect.

We are a charity that helps people to help themselves, and we've been doing so for more than thirty years. There are thousands of people in our communities who struggle with life and face what seem to be insurmountable barriers - they are why we exist. We provide a wide variety of community-based support for people and are often described as the 'glue' between those at risk of social isolation and the wider mainstream society.

We run a diverse range of services working with 7- to 70-year-olds but our aim is always the same – to help people to break through barriers and to achieve their potential. Our website – [www.yss.org.uk](http://www.yss.org.uk) – contains further information about YSS and all our projects and services.

### About MORSE Youth

The MORSE (Making Our Road Safer for Everyone) Youth service is a project between YSS and West Mercia Youth Offending Service (WMYJS). The service will provide 1-1 support for children and young people under the age of 18 who have committed driving offences across West Mercia. Children will be referred to a 12-week behaviour change programme and will receive weekly holistic support focused on improving their resilience to peer pressure, strengthening positive relationships and developing a future action plan. This innovative pilot service aims to reduce the number of driving offences committed by under 18s and in turn reduce the number of collisions, injuries and fatalities.
